

Townline Elementary School Kindergarten Approved Snack List

Welcome to the 2015-2016 school year!

In order to keep our students safe and address the needs of students with life-threatening allergies, the district has approved a "Kindergarten Snack List". The following items are allowed for snacks in classrooms:

fresh fruit

fresh veggies

cheese stick

Goldfish (in original packaging)

pretzels (in original packaging)

Please be sure that Goldfish and pretzels are in original manufacturer's packaging. Some companies make look-a-like Goldfish and some pretzels may not be nut-free. Keeping Goldfish and pretzels in their original packaging allows staff to make sure they are safe for eating in the classroom.

Thank you for keeping our students safe!
